Frericks Wins First Runner-up at the South Dakota State Snow Queen Festival

By: Haley Grandpre

Four Northwestern high school girls had the wonderful opportunity to compete in the South Dakota State Snow Queen held in Aberdeen at the Civic Theatre. Freshman Klarysaa Schnoor represented NW in the Junior Snow Queen Festival on Jan. 4, and senior Kalen Frericks represented NW in the Senior Snow Queen Festival the following week. Two others competed in the talent portion.

"It was a very unique experience and an honor to represent the Northwestern community. I was very shocked and grateful to receive first runner-up. I would like to thank the Plains Lions Club for sending me and the community for helping put together my basket and giving me support throughout," Frericks said.

Frericks received first runner-up behind Miss Ipswich. Schnoor did not place, but was just happy she had the wonderful opportunity.

"It was great having to interact with so

many girls. This experience will definitely help me in life," Schnoor said.

NW also sent two wonderful young girls to compete in the talent act. On the day of the junior snow queen contest, junior Christine Morgan and sophomore Madison Styles tried out in front of the judges. The judges then determined who would move on to the actual Snow Queen talent. Morgan did not make it past the tryout, but Styles did. That night at junior snow queen, Styles performed in front of a huge audience. She performed her same song she sang at the local snow queen, "Famous in a Small Town." Styles did not place but was glad she had the chance to do what she loves most.

"I was very shocked and honored to make the top 5. There was a lot of great competition in my division," Styles said.

Senior Kalen Frericks represented the Northwestern community at the South Dakota Senior State Snow Queen as First Runner-up.

Sophomore Madison Stlyes performed "Famous in a Small Town" at the Sout Dakota Junior State Snow Queen in front of the crowd.

Freshman Klarvsaa Schnoor represented her Northwestern class during the South Dakota Junior State Snow Queen.

Junior Christine Morgan performed in front of the judges the day of South Dakota Junior State Snow Queen held in Aberdeen.

Four Make Middle School All-State Band

By: Katie Myers

Eighth-graders Sadie Vander Wal and Peyton Groft and sixth-graders Cassidy Frericks and Miranda Thorson made middle school all-state band. The event will be held Feb. 28 to March 1 in Pierre.

To be chosen for the great honor that is middle school all-state band, the students must prove their skills by sending in a recording of their performance. The recording consists of three to four long scales and a short, challenging song excerpt that none of the students have seen or practiced before. The students have to have been able to repeat the scales almost flawlessly along with the smaller song

in order to have the chance to be selected to the allstate band.

The students will spend a couple days practicing several different songs. This marks the third straight year for Vander Wal.

Eighth-graders Sadie Vander Wal and Peyton Groft will represent NW at the middle school all-state band performance in Pierre Feb. 28 to March 1.

Sixth-graders Cassidy Frericks and Miranda Thorsan will represent Northwestern at the Middle School All-State Band festival.

Peterson Designs for Women in Science

By: Haley Grandpre

Junior Jordon Peterson represented the local science department when she submitted her Women in Science Design. We will find out some time around March 11 who the winner is. The design will put on T-shirts, and also the winner gets an iPad mini.

Northwestern Area Preschool Screening Held in March

The Northwestern Area School District will be screening children who will be three years old on or before March 17, 2014, or five years old on or before Sept. 1, 2014. Any four year olds that were not screened last year are also encouraged to be screened at this time. The screening will take place on Monday, March 17, 2014, in the Northwestern Elementary addition

The screening includes all children who will be in the 2014-2015 Kindergarten class.

Children will be screened in gross and fine motor skills, general concepts, communications skills, vision and hearing. Additionally, the county nurse will be available to give general physical examinations to the upcoming kindergarten class members. Early identification of difficulties

can help alleviate health or educational problems, which may develop during a child's education.

As part of the school's "Child Identification Project," HEARTLAND HANDS OF BIRTH TO THREE CONNECTIONS, Rich Jankord, will be available on the testing date to screen children who are younger than three years of age upon request. Mr. Jankord will be available

only if appointments are made in advance through the school.

This is a FREE service provided by the school district. The screenings take approximately 45 minutes.

If you are interested in having your child screened, please contact Jessica Halvorson at 887-3467 x110 between 7:30 a.m. and 4 p.m. (at least 10 days before the screening) to make an appointment. After appoint-

ments have been received, letters will be sent to each family of who has called and made an appointment to verify their time slot for March 17.

If you know of a family who is unaware of the date for this screening, please share this information or contact the office at the number given. Thank you!

HIGHLIGHTS OF THE NHS SCHOOL BOARD MEETING Jan. 13, 2014

□ 130 students at HATS took the National Career Readiness test, 11 percent were in the top gold category and 30 percent were in the next silver category.
Aberdeen applied for a 2 million dollar grant to build a new Tech Academy. Plans are still being finalized. If approved, the academy will be built on the campus of Aberdeen Central and will be run by Aberdeen Central. Area schools will be able to send students to the academy for a tuition fee. If this happens, HATS will be dissolved.
☐ Responsibility is the character counts trait of the month. Students are asked to wear green shirts on Mondays.
\Box STAR testing will be done in the elementary next week. It is a computer-based test that monitors reading levels.
☐ Thank you to the Brentford Legion Auxiliary for purchasing a new flag and stand for the superintendent's office.
☐ Thank you to the NW Community Foundation for the donation for the 20 banquet tables.
$\hfill\Box$ The Math Counts team will go to Simmons on Wednesday, Jan. 15 for a competition.
☐ Accepted resignations from Ray Sauerwein, Roylene Heidenreich and Sandy Bierman.
☐ The board reviewed the attendance policy and would like to find out what other schools have for attendance policies.
☐ Amended the early retirement policy to be more specific on retirement dates.
$\ \square$ School board election date was set for June 17, 2014. There will be one position available for election/re-election.
☐ Congratulations to Kalen Frericks for being named First Runner-up at the State Snow Queen Festival.

Student of the Month

By: Haley Grandpre

Senior Nick Wood received the January student of the month. His parents are Steben and Rene Wood. His siblings are Zach, Hunter and Seth.

"He is a hard worker, but he is the goofiest kid I know," junior Halle Sieve said.

Wood's activities include football, science bowl, FBLA and 4-H. His hobbies include fishing, hunting, hanging out with friends, blowing stuff up and taking care of his cattle. His role models are a multitude of people who have made him who he is today. Wood's favorite class is AP biology, which he takes online. Nick's future plans are to get a fellowship in anesthesiology.

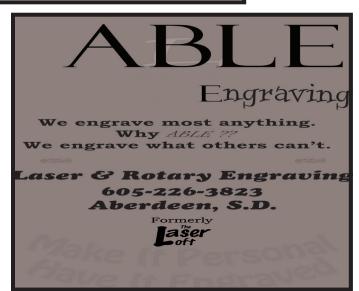

His favorite quote is "No" from Rosa Parks. His most embarrasing moment is pretty much every time he goes out in public.

"Nick is an incredibly intelligent young man. His level of intelligence is most evident in his choice to attend the University of South Dakota next year," AP English teacher Mrs. Nora Groft said.

Congratulations to Student of the Month – Nick Wood

□ Next regular meeting of the board is scheduled for Wednesday, Feb. 5, 2014,

CHIVAIRY

By: Maddie Styles

Where have the days of chivalry gone? I remember my grandpa telling me stories of how they used to treat women tainly start their vehicle compared to how they are treated now. Back then, men would hold doors open for women as they entered and left buildings, open their car door for them, take feel important when off their hat when they entered a building, pay on a date, drop them tures. It makes them off at the door and then feel respected and safe

go park the car, walk nearest to the street to avoid water splashing on them and most cerfor them in the winter. They did this all without being asked.

Many advantages come from these different scenarios. Women men put in the extra effort to do these gesknowing the man is attentive to her. Women certainly benefit from these gestures by having a warm vehicle, not having their hair or makeup messed up walking from place to place depending on the weather, and even dry clothes should a vehicle splash water on them. It's not that women wouldn't survive doing these things on their own, but it is nice to be

shown appreciation and being made to feel safe and special.

Chivalry not only benefits women but men, too. For instance, the woman is more than likely going to want to go out on a date or hang out as friends with a man she knows will take care of them. Men will earn massive brownie points from her family by acting like a gentleman, which

could lead to another date or more time to hang out. These small gestures contribute to an ego boost, knowing the woman can be protected and appreciated in the presence of men. The biggest advantage of chivalry is knowing that someday children watching will learn and follow in the same footsteps, creating another generation of young gentlemen.

as carrying their bags or opening the door for them. Some men think that chivalry will make a woman like you more. This is not always the case. Some women find once and while, but not it annoying that they are always being taken care of by men. There is a difference between chivalry and being kind. A way to avoid the mix up between the two, be kind and respectful to everyone.

Maverick's Steak House

By: Logan Schentzel

If you're looking for a place to eat out, I recommend Maverick's Steak House. Maverick's is known as Aberdeen's best steak place. Not only are the steaks great, but Maverick's also serves great burgers, wings, chicken, fish and pasta dishes. Their food is perfectly cooked and tastes great. They are known for their steaks marinated with Jack Daniel's sauce. It has a spicy kick to it with very tender and juicy steaks due to the quality cut of steak they start with. Not only are the steaks seasoned and cooked to perfection,

but all other foods are very flavorful and appealing to the eye.

Maverick's caters to any crowd and often hosts private parties and company holiday parties. Its location is great being part of the Dakota Events Center (DEC) as well as attached to two of the newest hotels in Aberdeen. If you are looking for a noon meal, the restaurant offers a noon buffet with a variety of foods. As busy as the restaurant is, seating is usually quick, and in the summer, customers have the option to eat outside on the patio.

The service at
Maverick's is excellent
with very attentive waiters. The atmosphere is like
a sports bar with tons of
TVs with sports on various
channels. There is also a
more private area with a
western type theme with
wood-paneled walls, leather chairs and pistol door
handles on the bathroom
doors.

Maverick's is an overall great pick for any type of meal at any time of the day. If you choose to eat there, you won't be disappointed. Maybe give it a try this Valentine's Day!

Frozen

By: Kate Finely

Disney welcomes another Princess into its family, a beautiful but "cursed" princess named Elsa. Princess Elsa was born with a powerful ability to create snow and ice, which if not controlled properly, can be extremely dangerous. Elsa's younger, adventurous sister, Anna, wanted only one thing from her sister since they were children; her love. Unfortunately, given Elsa's "colder" nature, Anna was never able to connect with her sister.

When Elsa begins to lose control of her abilities, she runs away into the mountains

in an attempt keep everyone safe from her magic. Convinced she is too dangerous to be around, Elsa unknowingly places the village, her subjects and her sister in a deathly blizzard. Anna must team up with Kristoff, a daring mountain man, on the grandest of journeys to find Elsa the Snow Queen and put an end to the icy spell.

Encountering Everest-like extremes, mystical creatures and magic at every turn, Anna and Kristoff battle the elements in a race to save the kingdom from destruction.

The Mortal Instruments Series

By: Rachel Rausch

Clary Fray is just 15 years old when her world turns upside down. Within 24 hours, she witnesses a murder of a teenager by three other teenagers with strange tattoos and weapons, her house is torn apart, her mother kidnapped and she is almost killed by a demon. No one else can see the teenagers who committed the crime, and the body of the victim disappeared.

Clary is surprised when she realizes no one else can see these three teenagers, but they are equal-

ly as surprised that she can see them. The three reveal themselves as Shadowhunters, a group of people dedicated to destroying all the demons in the world. Before she knows it, Clary and her best friend Simon are sucked into their world. With the help of the Shadowhunters, she sets out to find her mom. Along the way, she learns about the world that the Shadowhunters live in and uncovers a truth about her-

Everyone has at least one

movie or book they love involving either vampires and werewolves, demons and angels or other similar creatures. "The Mortal Instruments" series by Cassandra Clare features all of these creatures and more.
